

CERTIFICATIONS

WHAT IS BIO-DOWN?

Bio-Down, it has been designed especially for the organic farming sector.

Biobizz **Bio-Down** is an aqueous solution made of citric acid found naturally in different citrus fruits, such as lemons.

BOTTLES

250ML, 500ML, 1L, 5L, 10L, 20L

ORGANIC PH REGULATOR

Correcting pH in a natural way is essential for plants to absorb the maximum amount of nutrients. The natural formulation of **Bio-Down** enables fast pH adjusting of any type of substrate and for any type of crop, without harming the soil micro life. It is designed to work perfectly with the Biobizz nutrients and can be used in every watering. It is suitable to be used during both growing and flowering phase.

PHASE

FUNCTION

APPLICATION

Water

Dose

HOW TO USE IT

- Mix the necessary Biobizz Products.
- Measure the pH of the mix.
- Apply recommended quantity of Bio-Down, stir during 10 seconds, and measure pH again.
- If pH requires further adjusting, repeat point 3 until desired pH value is reached.

CAUTIONS AND WARNINGS

- Keep at room temperature and away from direct light sources.
- Keep out of the reach of children.
- Keep away from food and drinks.
- **In case of contact with skin:** Gently wash hands with plenty of soapy water.
- **In case of inhalation:** Transport victim outdoors and keep in a comfortable position that allows breathing.
- **In case of contact with eyes:** Rinse carefully with water for several minutes. Remove contact lenses if possible and easy. Keep rinsing.
